07 September 2018

Dear Parent/Carer

As the new head of physical education at Guiseley School I wanted to take this opportunity to provide you with some further information regarding extra-curricular activities this coming term.

I am a firm believer that participation in extra-curricular activities will enrich a student's experience at school and would therefore love to see as many students participating in extra-curricular sport this year as possible.

We have clubs running for both boys and girls across a number of sports. These sports will change at Christmas to ensure we give as many students the opportunity to find something they enjoy.

We have a large number of sporting fixtures already booked in for this year all of which will be added to the school calendar which you can access on the school website.

I hope you will support us in our ethos of 'those who train will play.' Therefore, as a department we will be fielding teams from the individuals who attend afterschool training. That being said, if your child wishes to come to training but not play in the fixtures they are of course welcome.

I would advise you to access the school twitter page for regular updates and results from our fixtures but we will also post any cancellations or last minute changes on here.

I have attached a copy of the physical education extra-curricular programme on offer for you to keep at home. Please be advised that clubs are running as of Monday 10<sup>th</sup> September.

If you have any questions regarding this, please do not hesitate to contact me at school.

Kind regards

Martin Barron  
Head of Physical Education
