

GUISELEY SCHOOL

08 March 2019

Dear Parent/Carer

During the past several months, our governing body and leadership team have been exploring our vision and aims as it has now been over 10 years since they were last examined.

Following a thorough consultation process with parents, staff, students and other stakeholders, we will be introducing an updated vision for the school, its core values, and a statement of aims that will influence our decision-making processes and teaching. What we have developed is a vision and set of values for Guiseley School that we believe all stakeholders will be able to support in order to drive the quality of education for the students across our school community as we prepare them for life in the 21st century.

In response to our updated vision, we will be moving to a modernisation of the original school crest in order to celebrate our links to the local community.

In addition to our updated vision, and following the feedback from parents and students, we will be introducing a new school uniform. More details surrounding this will be made available soon.

We wish to extend our gratitude to all of the parents/carers and students who have helped and provided useful feedback during the consultation period.

Yours sincerely

Paul Clayton
Headteacher

GUISELEY SCHOOL

Vision

Our vision is for our students to discover and develop their talents in the pursuit of individual academic achievement, personal growth and success.

Statement of Aims

At Guiseley School we aim to instil an ethic of kindness across our whole school community. We will teach our students to care for one another and encourage a sense of pride in their academic pursuits.

We will aim to give students the confidence to have high aspirations and to acquire the skills and knowledge for their future challenges. We want students to consider the wider world and the opportunities that are available to them.

By providing a stimulating environment and enrichment activities, we will deliver a framework for our students to become strong and successful learners. We will recognise our students' successes and encourage them to stretch further and grow as 21st century citizens.

CARE

We will instil a sense of care, considering the impact of our actions on ourselves and others.

ASPIRE

We will all have the highest aspirations, stretching ourselves and encouraging others to do the same.

GROW

We will develop our confidence, strengthen our core values and continually expand our knowledge and skills.

SUCCEED

We will value education and the opportunities that it provides. We will work hard to achieve our personal and academic goals.
